Mufasa x Sarabi

[image]

I used to dislike this couple many years ago but now I'm okay with it.

They're a good couple.

7/10

Mufasa x Sarafina

[image]

It's an okay ship.
I can see it happening in an alternate universe.

7/10

Mufasa x Zira

[image]

I'm not sure if they're actually shipped but they could be.

I guess I can see it happening in an alternate universe.

4 or 5/10

Sarabi x Sarafina

[image]

It's an okay-ish ship.

5/10

Sarabi x Scar

[image]

I can see it happening in an alternate universe where Scar doesn't turn evil.

Otherwise, it's just toxic.

6/10 (in AU)

0/10 (in canon)

Sarabi x Zira

[image]

I kind of like this ship, it could work in an alternate universe.

7/10

Simba x Nala

[image]

They're a good couple but I like them more in Lion Guard.

7/10

Simba x Zira

[image]

I like seeing this ship in crossovers but in canon it's toxic so no.

0/10

Simba x Kovu

[image]

It's pedophilia since Simba's a fully grown adult and Kovu is a young adult.

If they were around the same age it would be a good ship.

6/10 (if they'd be around the same age)

0/10 (in canon)

Simba x Kiara

[image]

Yeah, there's actually people who ship this...

Seriously, WHY?

0/10

Simba x Scar

[image]

Yep, this is a ship..

and cub Simba is shipped with Scar too-

They're uncle and nephew, WTF??

0/10

Simba x Vitani

[image]

I don't know if they're shipped, probably.

It's pedophilia since Simba's much much older than her.

0/10

Simba x Tama

[image]

I think it's a really interesting ship.

I can see it working in an alternate universe.

7/10

Nala x Kovu

[image]

She's much much older than him so no.

But if they were the same age it would be a good ship.

0/10

Nala x Vitani

[image]

I kinda ship it as an alternate universe ship.

In canon, it's pedophilia cause Nala's very much older than Vitani.

8/10 (in AU)

0/10 (in canon)

Nala x Kiara

[image]

WTF?

They're mother and daughter-

0/10

Nala x Zira

[image]

Nah, I can't see this happening, not even in an alternate universe.

2 or 3/10

Nala x Scar

[image]

It's a toxic ship and there's a very big age difference so nope.

0/10

Nala x Tama

[image]

It's okay but I prefer them as close friends.

4/10

Nala x Malka

I kinda like this ship and I think it could happen in an alternate universe.

6/10

Nala x Tojo

[image]

It's okay-ish but I can't really see them being together.

4/10

Nala x Chumvi

[image]

I can't really see them being together, I prefer them as friends.

4/10

Nala x Ni

[image]

There's a big age difference, so no.

Young adult Nala is shipped with adult Ni too and that's fine cause at least there isn't as big age difference as there is with Nala and Scar.

0/10 (in the book)

5/10 (aged up)

Kiara x Kovu

The best couple from the movies.

They're great together and it's my second Lion King OTP.

10/10

Kiara x Zira

[image]

Nope.

There's a really big age difference.
And it's also a toxic ship.

0/10

Kiara x Vitani

It's an okay ship, it could work in an alternate universe where Vitani replaces the role of Kovu.

5/10

Kiara x Nuka

It's kinda an interesting ship.
I think it could work in an alternate universe.

5/10

Kovu x Vitani

[image]

Yeah, there's people who ship them..

But why though?

They're siblings.

0/10

Scar x Zira

[image]

I like this ship, it's really interesting.

I wish in Lion Guard there would've been flashback moments of Scar and Zira interacting.

7/10

Scar x Sarafina

[image]

In an alternate universe I think it could work out, I can kinda see them being together.

5/10

Sarafina x Ni

There's a theory that Ni is Nala's father, though in the book he was an adolescent.

If they were around the same age though, it could work.

5/10 (if they were around the same age)

0/10 (in canon)

Nuka x Dotty

It's a good ship, I have a headcanon that Dotty is her actual name (it's a fan given name) and that they did like each other.

7/10

Kopa x Vitani

[image]

I ship it.
I think they go together really good.

This is my third Lion King OTP.

10/10

Kopa x Asante

I kind of like this ship, it's interesting and it also really reminds me of Kion x Jasiri.

6/10

Kopa x Nuka

Nah, I can't see it.

I prefer them as just friends or acquaintances.

1/10

Kopa x Kovu

It's an alright ship but I can't really see them being in a relationship.

3 or 4/10

Ahadi x Uru

They're a good couple, in my headcanon those are Mufasa and Scar's parents' actual names.

7/10

Tama x Malka

I don't really know why but I can't stand this ship.

They just seem like they don't fit together.

1 or 2/10

Tama x Tojo

I ship it.

This is my first Lion King OTP.

10/10

Tama x Chumvi

[image]

I like this ship and I guess in a way I ship it a bit.

8/10

Tama x Mheetu

I can't really see it to be honest.

But it's a okay pairing.

4/10

Kula x Chumvi

[image]

It's an okay ship.

There's also a theory that they're siblings but I don't think that's true.

7/10

Kula x Malka

I like this, it's a good ship.

6/10

Kula x Tojo

[image]

This is another good ship that I think would work.

7/10

Timon x Pumbaa

I can kind of see them being a couple but at the same time I can't.

Did the creators of Lion King 1½ ship them when they made them kiss or was it just for jokes?

4 or 5/10

Timon x Shenzi

[image]

I like this ship, it's honestly really interesting and in an alternate universe it could work out.

7/10

Timon x Max

[image]

They're literally uncle and nephew.

Why?

0/10

Timon x Tatiana

I haven't seen the episode where Tatiana's from, but from what I've read, it's a okay-ish ship.

6/10

Shenzi x Banzai

[image]

Yeah, I can see it.

They might be Janja's parents cause he looks like a mix of both.

7/10

Shenzi x Ed

[image]

It's okay-ish but I can't really see them as mates.

4/10

Ma x Max

[image]

There's a theory that Ma is either Max's sister or sister-in-law.

If they're not siblings, it's a okay-ish ship.
If they are, it's a big no-no.

5/10 (if they're not siblings)

0/10 (if they're siblings)

Ma x Zazu

[image]

I read a fanfic where Ma and Zazu bonded and later on became a couple.
I think it's kind of an interesting ship and could work.

5/10

Tama x Kula

[image]

Nah, can't really see it, I prefer them as best friends.

4/10
